Watering has started on the native plants. Seem to still have a very high survival rate for this spring plantings. I might kick it up to twice a week while the temps are in the 80's.

This was our monthly club match for July 2018 as well as a full classifier for everyone. After the match, we stayed and held more classifiers for people that wanted to try for a better score and posted those results under a different match.

We submitted \$404.00 to RFGC and had \$66.00 of expenses. There were no DQ's to report and the weather was perfect.

We are not having a September match due to our vacation plans.

We plan to have 6 stages for the month of August.

Total	\$238830.71

June income \$41k due to membership renewals. Working on insurance.

USPSA, Dave McClure & Alan Feucht:

This was our 6th annual charity match for men's cancer treatment and awareness. All proceeds from this match will be donated to the Movember foundation.

The match was a great success and thank you to the board which allowed us to move from the cold/wet November to the sunny and very hot July. Temperatures Fri/Sat/Sun were in the 90's but I didn't hear much complaining and in fact by popular vote it seems like they want it in September next year. Something to talk about at the next meeting...

Total Registered: 130
Total Competitors: 124
Total Disqualifications: 6

I don't have the total match donations just yet however we did raise over \$2,000 on a raffle on goods and services worth about \$9,500.00, all donated by Walther and a match competitor. I expect that we'll be giving over \$9,000 to the Movember foundation this year which includes all Microsoft Matching money from MS volunteers that helped out on Friday.

We also leveraged volunteer match for help on Friday setup. Only one person was able to make it however we'll plan on more solicitation next year and hope to get 6-8 from companies that provide that benefit to their employees. Let me know if you'd like more information about this organization.

Range condition upon arrival: Friday July 27, 2018

The range was in good shape with the normal distribution of equipment in the bays. Grounds were clean however there were still piles of dirt/trash from when someone raked up brass and left the piles.

Range condition upon departure: Sunday July 29, 2019

The range was great shape, cleaner than I've seen it in a long time. We spend about 1.5 hours after the match just making sure it was in good order for the Cowboy shoot the next weekend. All walls were organized and stacked neatly, all trash and targets were taken to respective bins. All wall stands were pulled to the back of the bays, all tires and barrels were taken to the safety area next to bay 3.

Black Rifle League, Sean Wade:

Robb and Ken ran the match. 20 participants, 1 DQ for 180 violation. Will begin new fees next month as well as a new structure for different divisions.

Action Shooting International (ASI), Sandy Wylie:

Rick Breneman reported: A record eighty-one shooters contested the July ASI match on a beautiful, sunny day.

A 1911 "single stack" challenge was contested in conjunction with the usual monthly match, attracting thirty-nine competitors vying for awards. Seven stages requiring nearly 100 rounds comprised the match.

The range was found in fairly messy condition on Saturday morning, with props and tools not properly stowed from a previous match.

Efforts were made to help ensure that the range is always left in better condition than it is found on match days.

Including discounts for staff and juniors, revenues were \$1,340.00, resulting in a deposit to the club, minus fees, of \$1,097.00.
