Basically, we were clean up the property moving piles of debris from the R&P parking lot and around action bays 4 & 5. We also leveled and filled the area between the port-a-potties and the outside parking area action bay berm. We also graveled and leveled the entrance road in the action bays and filled low areas to help eliminate water holes.

At the R&P builds we replaced shot up backers and sorted brass along with general clean up. Worked repairing the retrieval system with a new cable and Dale repaired the wiring on the night shooting Lights. Gary placed more gravel at the entrance to the R&P parking lot to fill new holes in the road.

4. Discussion regarding RSO2 use of the action bays for practice: A proposal to require a reorientation for the 2025 – 2026 membership year and then a match participation requirement for the 2026 – 2027 membership year (determined by the discipline chair).
MSP the following:
 - Required re-orientation for all RSO2's prior to the July 1, 2025, renewal.
 - Those who don't will lose access after renewal (June 30, 2025).

Next steps:

- Notify all current users about the re-orientation requirement.
 - Each discipline will schedule re-orientation sessions before July 2025 – e.g. ASI will conduct them after each match starting in February.
 - At the orientation the discipline chair will record the attendance and provide a new RSO2 sticker.
5. New internet provider -
Status - Ted is working with Xfinity

Safety Items for December:

1. In December, there was an incident involving a shooter at the short-range pistol line. The shooter discharged a bullet vertically at a 90-degree angle to the firing line. The bullet struck the outer wall above the shooting bench, causing it to hit the conduit and wiring to the outside night lights. Fortunately, the baffles worked as intended and stopped the bullet. The incident was not reported.

New Business:

1. Complaints regarding the club's phone message (too long before the options). Clayton will update it.
2. Adding reflection tape to the front gate.

Good of the order:

Watch the weather for bad conditions.

Meeting adjourned at 8:15 PM
